

Supplementary Fig. S1 Flowchart of study participants who were analyzed and excluded from study.

Supplementary Fig. S1 Representative image of histology of patient with giant cell tumor (GCT). (A) Pretherapy and (B) posttherapy, for the assessment and comparison of number of viable tumor cells, number of viable stromal cells, and osteoid formation.

Supplementary Table S1 Patient demographic details

Case	Age (y)	Sex	Site	History of swelling (mo)	Complications
Case no 1	20	Female	Proximal tibia	3	–
Case no 2	28	Female	Distal end radius	6	Flu-like symptoms on first dose
Case no 3	21	Female	Proximal tibia	8	Flu-like symptoms on first dose
Case no 4	21	Male	Proximal tibia	6	–
Case no 5	18	Female	Proximal humerus	3	–
Case no 6	19	Male	Distal femur	2	Flu-like symptoms on first dose
Case no 7	38	Male	Distal femur	12	–
Case no 8	32	Female	Distal end radius	9
